

Bulletin #3
Rogue 2 Klondike
February 4, 2017
Boy Scouts

Please: Pre-Registration Required, Ends the Thursday before Klondike – February 2, 2017

http://skcscouts.org/th_event/2017-buckeye-district-klondike-rogue-2/

When: Saturday, February 4, 2017

Where: The Klondike, Rogue 2 will be held at Camp Lazarus. Camp Lazarus is located north of Columbus on Highway 23.

Who: All Scouts and Scouters of Buckeye District are invited to attend.

Registration: Registration will be in the Log Cabin from 8:00 AM to 9:00 AM on Saturday. Passports will be handed out as you register.

A Local Tour Permit will need to be filed with the Scout Service Center before you leave.

Camping and Parking: Parking will be in the Camp parking lot. Vehicles are not permitted in Camp.

Tent camping for units wishing to earn the Polar Bear Award will be available and encouraged but not controlled by the Klondike Staff. The Camporee has reserved all the campsites. Please check in with Camp Master as you arrive to get a site assignment.

Program: Passports will be given to each Patrol listing the order of cities to visit. Patrols will have ½ hour to complete each activity and will then go to the next assigned City. We are planning for 6 cities total for each patrol to visit. Patrols must complete the race in the order of their assigned Passport.

All Passports must be turned in at the Dining Hall as each patrol finishes. Hot Chocolate and popcorn will also be available at the Dining Hall.

There will be an informal program on Saturday evening at the Training Center for campers.

The Polar Bear certificate will be awarded to all Scouts and Scouters who camp outside either Friday night or Saturday night.

First Aid & Emergencies: First Aid support will be available at the Training Center. Troop Leaders should have medical release/history for each Scout.

The Training Center is available for Scouts or Scouters that get too cold during the night.

Closing: No formal closing is planned, however Sledge Racing will be held after the Patrols turn in their Passports. (weather, permitting). Patches will be passed out at the Dining Hall to the Senior Patrol Leader or the Scout Master after the last Patrol from your Troop turns in their Passport.

Leave-No-Trace: Each unit is on their own.

Dress: Dress appropriately for the weather, Rogue attire is requested.

Unit Leader Notes: We ask all units to use traditional Klondike Sledges. Plans have been included as guidelines, but there is no intent to disqualify any entries. There will be bonus points, however, for sledges that are within specs and that can bear the weight of equipment and hold together for the weekend. Sledges will be judged for approved length of 6 feet and width of 18 inches. Accessories may be added – a canvas snow curtain as a snow guard front and sides will keep equipment dry. Additional points will be awarded for sledges decorated for the Camporee Theme.

Patrol Equipment: The following equipment and supplies are required for each patrol entry. They should be transported on the Klondike Sledge and available through the event.

Please check the District Web Site for any revisions or last minute changes. Dress for the weather! Layered clothing, leather boots, etc. Think Snow!!!
