

DONATION THROUGH ACH vs CREDIT CARD

ACH OPTION - When a donor selects the “\$___ monthly (auto-renewal)” option on the pledge card, this is for ACH (Automated Clearing House). This option is designed to allow a donation to continue to come to the Simon Kenton Council with no end date, unless the donor cancels it.

The next step for this option is for the donor to fill out an Electronic Funds Transfer Authorization Form that is located on our website at skscouts.org/friendsofscouting and has been made available to FOS presenters.

If the pledge card gets turned into the office without an authorization form, Natalie McEntee will reach out to the donor to get one. Please make sure you’re continuing to collect the cards.

CREDIT CARD OPTION - Donors should not be selecting “\$___ monthly” option for a credit card donation. All credit card donations have a start and end time. They need to select the total they would like to give and then select how they would like the card to be charged (quarterly, monthly, etc.).
